Sir:

A. INTRODUCTORY COMMENTS

Responsive to the Notice of Non-Compliant Amendment dated July 14, 2006, Applicants supply a corrected claims section in compliance with 37 CFR 1.121. The Notice of Non-Compliant Amendment states that the amendment document filed on May 5, 2006 is non-compliant because in the amendments to the claims, “The changed in any amended claim must be shown by underlining (for added matter) or strikethrough (deleted matter) with 2 exceptions: (1) for deletion of five characters or fewer, double brackets may be used; and (2) if strikethrough cannot be easily perceived, double brackets may be used. For example, currently amended claim 8 deletes “providing” using double brackets which is incorrect since “providing” is more than 5 characters.” Applicants present a corrected claims section, to overcome the previous non-compliance, where claim 8 shows the canceled term of “providing” with a strikethrough, instead of double brackets, and where claim 15 shows the canceled term of “returned” with a strikethrough, instead of double brackets. Applicants respectfully request entry of the corrected claims section and reconsideration of the outstanding rejections and reexamination of the present application in light of the presented amendments and remarks.

Amendments to the Claims begin on page 3.
